

WE'RE NOT GOING BACK

Some Choices Are Hard. Not This One.

One candidate tried to overthrow the government.
The other didn't. Vote for the one that didn't.

When you lose an election, **you leave** office.

Presidents voluntarily followed this rule until **Donald Trump**:

- Lost the 2020 election, made up a story that he won.
- Tried to stay in office despite losing.
- Recruited extremists for January 6 rally, where he incited them.
- Refused to call off attack while his supporters fought police.
- Continues to support the rioters & claim that he won.

If we choose him after he tried to become dictator, what will Trump do next time?
